Enrolment of Children with Special Educational Needs into Mainstream Classes:

Powerstown ETNS endeavours at all times to practice the school policy of inclusion and welcomes applications from children with special educational needs. The application process for children with special needs is the same as that for children without a disability. The BOM, however, may request a copy of a medical and/or psycho-educational report that the child with special needs might have. The sole intent of this request is to assist the school in establishing the educational and training needs of the child relative to his/ her disability or special needs and to plan the support services required. The Board will determine how the school can meet the needs specified in the report and may request further support provision from the Department of Education and Skills prior to enrolment and in the best interest of the child. All confidential information you do not wish to put on the application form, can be shared during an appointment made with the principal.

The school requests that the parent/guardian of the child:

- Informs the school of any special needs, developmental delay and/or behavioural issues as early as possible in the enrolment process.
- Provide the school with copies of the child's medical and /or psychological report(s)
- Present all relevant documentation to the school by 28th February prior to the year of enrolment
- Where such a report is not available, a request should be made that the child would be assessed immediately. Following receipt of the report the Board will assess how the school can meet the needs specified therein.

Without this vital information, the Board of Management cannot request the Department of Education and Skills through the National Council for Special Education, to provide the additional resources required to meet the needs of the child as outlined in the psychological and/or medical report, and it may put your child's enrolment at risk.

Please see Exceptional Circumstances.

The Principal may, in conjunction with the Special Educational Needs Organiser or Department of Education and Skills inspector, meet with the parents/guardians of the child to discuss the child's needs and the school's suitability or capability in meeting those needs.

Exceptional Circumstances:

The school reserves the right to refuse enrolment to any pupil in exceptional cases. Such an exceptional case could arise where;

1. The BOM deem that the child's enrolment would be a persistent cause of significant disruption to the learning of others or to the teaching process
2. The pupil has special needs such that, even with additional resources made available by the Department of Education (where applicable), the school cannot meet the needs and/or provide the pupil with an appropriate education
3. In the opinion of the Board of Management, the pupil poses an unacceptable risk to himself, to other pupils, to school staff or to school property.

Code of Behaviour:

Children enrolled in Powerstown ETNS are required to co-operate with the school's Code of Behaviour and other policies on curriculum, organisation and management. Parents/Guardians are responsible for ensuring that their children co-operate with these policies in an age appropriate way.

Appeals Procedure:

Parents/Guardians who are dissatisfied with an enrolment decision may appeal in writing to the Chairperson of the school. The letter of appeal must be addressed to the Chairperson stating the grounds of appeal and it should be lodged within 10 days of receiving the refusal.

Parents/Guardians who are unhappy with the outcome of the appeal may appeal to the Department of Education and Skills (DES) on foot of Section 29 of the Education Act 1998 on the official form provided by the DES.

Additional Information:

Powerstown ETNS endeavours to provide the highest standards of care for its pupils. In order to achieve this objective successfully, it is vital that the school be informed of any relevant situation regarding health, bereavement, domestic circumstances etc. Any such information should be passed by the school principal and shall be treated in strictest confidence.

General Guidelines

1. Children will, as a rule, only be admitted into Junior Infant classes during the month of September. Children may be admitted to a Junior Infant class during the school year provided they are transferring from another school.
2. Parents/ Guardians of Junior Infants may defer the child's place for one year, providing the child is under 6 by the first of September of the year in which he/she starts school. This means that the child will be placed on the list for the following year according to the original interest in enrolment form. Deferral does not guarantee a place the following year. Parents/Guardians of children for classes other than Junior Infants cannot defer a place.
3. It is the sole responsibility of the parent to inform the school promptly of any change of address, telephone number or other relevant circumstances.
4. Any misinformation provided to the school during pre-enrolment and/or enrolment deems the pre-enrolment and/or enrolment application invalid.

This Enrolment Policy will come into effect from 1st November 2014.
