4th November 2013

Dear Parents/Guardians,

Pupils in 3rd – 5th class have been invited to attend an SEAI workshop in Blanchardstown on Wednesday 6th November 2013.

This workshop is interactive and curriculum based. The children will learn about the principals of energy, the current global problems and what we can do to help. Students learn about the science of energy and climate change through participation in experiments and playing the 'energy game'. All round they are very hands on and fun.

This workshop will take place during school hours. Children are required to be in school on time at 8.30am, to ensure the class get to the workshop on time.

All parents are requested to complete the permission slip below and give their child €3 to cover the cost of the bus to and from the workshop.

If you have any queries please contact the office and/or speak to the class teacher.

Kind regards,

Helena Regan
