Pre-recorded Video: User Agreement

As we continue to trial methods to support home school learning in this challenging period, some teachers are considering the possibility of using "pre-recorded videos" to assist teaching and learning. Please note, it is at the discretion of staff whether using the tool would be deemed beneficial to the learning of the children. Should it be deemed necessary the following considerations should be adhered to by those utilising the service:

1. When a staff member submits a pre-recorded video to be uploaded to google classroom /school website, the staff member transfers ownership to the school for the duration of time it is hosted on the @powerstownet.com domain. A staff member can request at any time for a video to be removed
2. The pre-recorded video is strictly for use by the intended /invited participants only. The content covered in the session will remain the property of the school and should not be recorded, downloaded or shared with any outside parties in accordance with GDPR in the rights of the individual (<https://www.dataprotection.ie/en/individuals>).

Any sharing of these "pre-recorded lessons (audio/video)" will be considered a major misdemeanour in line with our Code of Behaviour and a breach of GDPR.

3. At any time the teacher (at their discretion) may discontinue using pre-recorded videos.;
