

Morning Assembly Points – Parents are NOT PERMITTED in Assembly Points & are strongly encouraged to use our DROP OFF system to avoid congestion

Each class has their own designated assembly point and collection point. Each class has their own entrance gate to each point.

★ indicates gate

Afternoon Collection Points: Parents wait until gates are opened by staff member before they access any area. Parents must respect 2m Social Distancing.

Each class from Junior Infants – 2nd class has their individual exit gate to encourage social distancing between adults at collection time. 3rd – 6th class pupils are released by class teachers at their individual exit doors in their pods. Children are strongly encouraged to walk/cycle/scoot to school and/or meet adult at an agreed location (offsite where possible)

It is essential that we minimise congestion on the school grounds and adults maintain 2m social distancing

Class Access Doors

Each class has their own Entrance & Exit Doors
