Transferring to Secondary School

Dear Parents / Guardians,

When children complete 6th class in primary school they are required to transfer to Secondary School.

It is the duty of parents/guardians to find a suitable second level school for their child.

Please find below a list of secondary schools in the Dublin 15 area and their contact details. Most secondary schools complete registration in September / October of the year **before** the child transfers to secondary school. Therefore we recommend that parents explore secondary school options before their child completes 5th class.

** LAST YEAR'S ADMISSION APPLICATION DATES
