## Transferring to Moderate I.D. & Autism Special School

Dear Parents / Guardians,

When children complete 6th class in primary school they are required to transfer to Secondary School. It is the duty of parents/guardians to find a suitable second level school for their child.

Please find below a list of special schools accessible to students in the Dublin 15 area and their contact details.

Most secondary schools complete registration from 1st October of the year before the child transfers to secondary school. Therefore we recommend that parents explore their options before their child completes 5th class.
