

Open Evenings 2026

Dear 5th and 6th Class Parents,

As you know applications for Secondary School places will open this autumn for places in the 2027/28 school year. It is the parents responsibility to secure a suitable second level school for their child. Please find below the current list of Open Evenings for Secondary Schools in the local area. We recommend that all 6th class pupils apply to a minimum of five schools as children will not always receive a place in their school of choice due to demand.

5th Class parents - as you can see from the list below, many of the Open Evenings happen at the same time so it would be advisable to visit some of the schools this year and get a feel for where you might like to apply next year.

Please note: Some of the schools replied with dates but have not, as yet confirmed the times of their Open Evening so do keep an eye on their websites.

Open Days 2026		
School	Date	Time
